

---

If the game starts asking you to insert a disc, just mount the CoH Opposing Fronts image, if not, try the CoH Tales of Valor image using Daemon Tools. Turn off the Internet ... But the game won't start without it! It's okay - there are many ways to run the game without an Internet connection. First, you can use special emulator programs, such as PC-Emu, which emulate a PC computer under Windows. You can also use special programs, such as GameRanger, which allow users of different computers on the same network to play with each other over the network. If there is a network, the game will start without problems.
